The stand also had information / response leaflets for distribution. 4 Members of the Neighbourhood Plan Committee were in attendance during the event.

### Issues, priorities and concerns raised

On the day and direct discussion the following opinions, concerns were raised:

- 1) More events should take place on the Hill.
- 2) Please don't change the character of the village with large development
- 3) Traffic must be slowed down. Pedestrians must be given priority
- 4) What is happening with the pub?
- 5) Sensitive design for any development
- 6) Parking on pavements needs to be stopped
- 7) Not enough to do in Wickham Market

Further opinions and thoughts were requested via the NP introduction leaflet response forms.
